## Golf Cottage Rates

The Golf Cottages provide a sense of luxury and comfort that comes from attention to detail- from the perfect choices of furniture and furnishings to the complementary arrival amenities. Each Cottage is beautifully decorated with either a traditional American look or a Vivid Hue Design. Your room will be stocked with a variety of food and beverage items including wine, Gilchrist and Soames bath products and bathrobes prior to your arrival.

The first level features a roomy living/dining area with entertainment center, most with 50" high definition flat screen televisions, as well as a fully stocked kitchen and gas fireplace. Two private master suites flank each side of the living room and each includes a king-sized bed, sleeper sofa, and well-appointed bath with double sinks and walk-in showers and a tub. These suites are each equipped with a refreshment center that includes a wet bar, microwave, bar refrigerator and 32" flat screen TV with digital cable. Each master suite opens onto its own private porch with seating for two, perfect for early morning or late afternoon enjoyment.

The second level features a large sitting room with 32" flat screen TV with digital cable, well suited for use as a lounge for a card game or children's activity area and washer and dryer, iron and ironing board. The two spacious second floor suites each feature 2 queen-size beds, a 32" flat screen TV with digital cable, a computer desk and individual bath with tub and separate walk-in shower. The unique design allows guests the opportunity to rent one master suite (1 bedroom/1 bath), one master suite, plus the living and dining area, the main town suite that includes the great room, kitchen and second floor suites (2 bedrooms/2 baths), a combination of the main town suite and master suite (3 bedrooms/3 baths), or the entire cottage (4 bedrooms/4 baths).
